

# Agriculture Victoria Services Pty Ltd

# Values & Behaviours

## We make a difference

We lead IP partnering, strategy & practice to support the delivery of AVR science & technology.  
We are accountable for delivering credible, valuable and timely outcomes while managing risk.  
We strive to innovate to meet high standards of professional and ethical service delivery.

## We act with integrity

We are valued by our collaborators for being professional, responsive and reasonable.  
We are valued by our stakeholders for being ethical, objective and impartial.  
We are valued by our colleagues for being fair, trustworthy and respectful.

## We work well together

We work safely and always consider the wellbeing of our colleagues.  
We are always respectful of each other and provide effective feedback to each other.  
We fulfil our roles, draw on each other's strengths and support the team wherever needed.  
We openly share knowledge, information, skills and ideas among all team members.  
We recognise and celebrate the achievements and contributions of all individuals and teams.  
We value work-life balance to best meet the needs of the business and our personal lives.

## We understand and adapt to change

We understand and respond positively to evolving business and market landscapes.  
We anticipate, comprehend and meet the changing needs of our stakeholders & collaborators.  
We adapt to new capabilities and systems needed to meet our changing business environment.
